Starcraft & SC: Brood War, 15,45 GB.

Download is here. Jan 10, 2015 So, StarCraft  
and Brood War were available for the PC in  
1991 and we still don't know what happened to  
those games. All we know is that in 1994 the  
Mac version was released and in 1992 the  
game for the Game Gear was released, and we  
even know the exact release date. However,  
we do know that the Windows version has  
been around for a very long time, because  
most people still have it and it's not a very old  
version. StarCraft and Brood War may have  
been around for a really long time, but no one

---

has ever found a Windows version. This is probably because they weren't released on Windows. However, we know that you can install the original Windows version, so if you're curious about what's the version you're running right now, look for a version number like "R:1.3.6" under Programs > Other Programs.
